Dave and Chuck talk about a woman busted for stripping naked and pouring ketchup on herself.

Calabrian bergamot, violet leaves, basil, patchouli, vetiver.

If left untreated, high blood pressure -- also called hypertension -- can lead to a range of health problems, including heart disease and stroke.

I know my rights sovereign citizens are a relatively new thing to law enforcement, but tech support people have for many years been dealing with similarly bizarre interpretations of consumer law.

This scene was mostly cut from the pilot.
